Old Business

River Rendezvous Wrap-Up: John provided a breakdown of expenses and income /approximately \$2,000 profit was made which appears to have been possible based on not providing the spaghetti dinner. Missy Shea lead a discussion which included the following points to consider:

- Lunch on the first day is very early, we might look at lunch in Beverly
- More signage is needed as we have more route options
- Possibly raising registration to \$65.00 after April 1st
- Cost of one day ride from \$25.00 to \$30.00
- 25 patches were ordered and we had 18 left—possibly no patches next year
- Adding a few miles at the beginning of the ride, a loop, which would add a century element, Rick and Marie will scout out a possible path
- How do we get younger people interested?

New Business

Devola Multi-Use Trail: Benches have been ordered
