Old Print: Dan Jones, talked to Michel McCarthy, regarding the old print of the lockmaster's house Mike was offering to donate. It was decided to be offered to the Armory for display, as the lack of proper air temperature in the Lockmaster's house might cause deterioration of the print.

Lockmaster's House: Peter and John are moving forward with plans to shore up the upstairs floor. Chimney leakage problem appears to have been due to an ice jam. Ongoing observations when rain hits will be needed.
